Looking for an applicant that possesses strong knowledge base in birth to 5, and children's mental health issues. Spanish Speaking is desired.

**ESSENTIAL JOB DUTIES:**

- Oversee SA 7 MAT assessments for content and quality
- Teach MAT diagnostic assessments to individual assessors and MAT providers as needed
- Assist MAT providers with necessary crisis intervention services
- Teach MAT program process to 10 providers within SA 7
- Assist with rapid linkage to appropriate children's mental health services
- Assist MAT assessors with assessments of ages birth to five
- Participate in SA 7 Summary of Findings meetings with a multi-disciplinary team with children and families
- Collaborate with community agencies to address child specific needs and strengths
- Initiate agency chart reviews
- Coordinate SA 7 Birth to 5 Collaborative
- Develop birth to 5 trainings for all SA & providers

**DESIRABLE QUALIFICATIONS:**

- Solid understanding of children's mental health resources in SA 7
- Firm understanding of child development
- Strong knowledge base in the area of birth to five
- Have an understanding of childhood trauma
- Ability to multi task and prioritize daily assignments
- Knowledge of MAT assessments
- Knowledge and familiarity with DCFS, Specialized Foster Care program and the Katie A settlement
- Solid organizational skills
- Strong verbal and written communication skills
- Ability and desire to work in positive and effective team environment
- Flexible with new and changing situations
- Verbal and written fluency in Spanish desired
